

# 2012 Joint Seminar of Early Career Geoscientists on the Central Asian Orogenic Belt

by

Institute of Geology and Mineralogy SB RAS &  
Department of Earth Sciences, University of Hong Kong

December 4, 2012

**11:00-11:20 am**

Welcome remarks by *Prof. Min Sun*

**Chairman:** *Dr. I. Sadovy*

**11:30-12:00**

*Tam Tammy* Ages and tectonic nature of high-pressure metamorphosed pelitic and mafic rocks in Eastern Shandong, North China Craton

**12:30 Lunch**

*Chairman: Dr. G.C. Zhao*

**14:00-14:40**

*V. Sukhorukov* Petrology and age of metesediments of Sharyzhalgai granulite complex (Siberian craton)

**15:00-15:40**

*E. Naumov* Gold deposits of Eastern Kazakhstan and South Siberian: Style of mineralization, age of formation and possible connections with magmatic events

**16:00-16:40**

*Paul. R. Eizenhoefer* Detrital zircon provenance analysis of the fore-arc related Mid-Late Permian sedimentary record of final ocean closure along the Xar Moron River in northeast China

**17:00-17:40**

*Irina Tretiakova* Type, geochemical characteristics and age of cobalt mineralization of the South Siberia

**18:00-18:40**

*Ilya R. Prokopyev* Ore-forming fluids of Fe-F-REE carbonate deposits of the Central Tuva region, Russia
